Chris Williams
Sardis Secondary School

Dear Mr. Williams

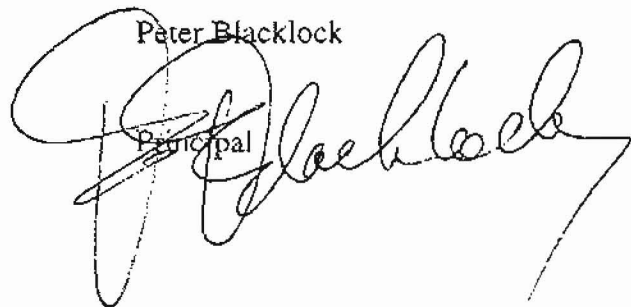

This letter is to verify for your records that the School Board of SD 20 has given approval for the J. L. Crowe drag team to participate in racing meets.

The program has been in place for five years and has been recognized by our Board as one of the significant reasons for our being able to retain a number of students who otherwise would likely have left the public school system.

I appreciate your concern.

Sincerely

Peter Blacklock

Principal
