

May 20, 1999

Executive B.C.S.S.M.A.

This note is to acknowledge the fact that our school district is aware of the high school drag racing program. We have given approval for the schools in School District #74 (Gold Trails) to the participation in the British Columbia Secondary School Motorsport Association drag racing program.

School District #74 former School District #30 has approved of this program since its inception in 1993. We are aware that schools from Ashcroft and Lytton have participated since the beginning and that Lillooet Secondary School also has our permission to race should they desire to do so.

Sincerely

Assistant Superintendent
